NAN PATTERSON IS BATTLING FOR LIFE

Trial of Woman Accused of Murdering Caesar Young Begins in Earnest in New York Courts

By Associated Press]

NEW YORK, Nov. 21.—The trial of Nan Patterson for the murder of Caesar Young was fairly begun before Justice Davis in the Supreme Court today.

Policeman Junior was the first witness. He stated that when he reached the cab, Young's head was lying in Miss Patterson's lap. His left arm was around her shoulder. Miss Patterson was hysterically saying: "Oh, Caesar, what have you done?"

"Did she say anything else?" was asked.

"Yes, she told me he had said to her: 'You may not see me again.'"

Edward Quinn, a detective who accompanied Miss Patterson from the hospital to the Tombs just after she had been arrested, told of a conversation between himself and the prisoner.

"After she asked me if I was a policeman," said the witness, she said: 'Caesar Young was a married man and he and I were lovers. He was going away and we might never see each other again.'"

She then asked me if Caesar Young was dead and when I replied that he was, she said: 'I don't want to live now. Why should he kill himself? He had everything to live for.'"

BLOOD STAINS ON WEBER'S CLOTHING

By Associated Press]

AUBURN, Cal., Nov. 21.—The most important testimony given at the Weber trial today was by May Clark, a woman who knew Adolph Weber well. She testified that she saw him pass her house at half past six one the evening of the murder and later met him standing alone in front of the postoffice.

This contradicts Adolph's testimony as to the route he took coming down town on the night of the murder.

Dr. White has made tests of a piece of stained underclothing taken from Adolph. The stains were found to be blood but the physician could not say that it was human blood.

Texas Poultry Show, HOUSTON, Texas, November 21.—The annual show of the Texas Poultry and Pet Stock Association opened auspiciously today and will continue through the week. The exhibition is the best ever seen here and comprises a notable array of prize winning turkeys, geese, chickens, ducks and pigs, together with rabbits, etc.

UTAH TOWN ON VERGE OF RACE WAR

Austrians and Greeks May be Driven From Murray as the Result of a Series of Criminal Acts

SALT LAKE, Utah, Nov. 21.—As a result of a series of criminal acts which culminated last week in the assault and injury of Mrs. Schwan and her two small children, a mass meeting will be held in the smelter town of Murray tomorrow night. At the meeting it is proposed to take steps to rid the community if possible, of all Greek and Austrian laborers, of whom several hundred are employed at the smelters. The smelter officials will be asked to discharge all Greeks and Austrians, and hereafter employ only Americans. Failing in this, there is some talk of using more forcible measures. Alien laborers are believed to be responsible for most of the recent crimes and excitement has been aroused to a high pitch. Every citizen in the town will attend the meeting and trouble is feared.

LABORING MEN HOLD A LIVELY SESSION

Convention of the Federation of Labor at San Francisco Enlivened by Grave Charges Against Gompers and Mitchell

SAN FRANCISCO, Cal., Nov. 21.—The session this afternoon of the American Federation of Labor was exciting and sensational. During a heated debate which followed the unexpected interjection of Socialism into the convention, Samuel Gompers and John Mitchell were charged with being traitors to the cause of labor.

Victor Berger, of Milwaukee, made the charges. He had introduced resolutions of a Socialistic character and was urging that the studies of economic conditions be urged in all meetings of bodies affiliated with the Federation. The resolutions committee reported back the resolution with the objectionable features stricken out and then the trouble commenced.

For over an hour fierce oratory held

By Associated Press]

sway. John Mitchell stated that unless Berger was able to prove the statement that Mitchell had been a traitor to the workingmen, Berger must stand before the eyes of all present a convicted liar.

The whole trouble really had its origin over printed circulars distributed broadcast charging Gompers and Mitchell with dining with President Elliott of Harvard. The circular said that the place where the dinner was served was an unfair house, that the man who said Elliott was a "scab" was here. The circular was headed, "Are They Traitors?"

Gompers and Mitchell both made stirring replies.

The convention voted its confidence in both leaders and adopted the resolutions as amended.

VALLEJO TENDERS DARLING A BANQUET

By Associated Press]

VALLEJO, Cal., Nov. 21.—The Chamber of Commerce tendered a banquet to Assistant Secretary of the Navy Darling tonight. The guests included Senator Perkins, Congressmen-elect Knowland, Kahn and Hayes and Admiral McCalla.

Darling was enthusiastically received. He complimented the Chamber of Commerce and was much pleased at the cordial welcome extended him at Mare Island. He spoke highly of the possibilities of Vallejo, the ideal situation and equipment of the navy yard and gave much encouragement in the way of hopes for the improvement and future prosperity of the naval station.

SPANISH BARK SINKS WITH ALL ON BOARD

PHILADELPHIA, Pa., Nov. 21.—The British steamer Aros Castle, Captain Day, fifty-seven days out from Java with a cargo of sugar, arrived today. She reported the probable foundering on November 15th of the Spanish bark Tafalla, with a crew of fifteen men during the recent southern storm. The steamer stood by the sinking bark for two days and on the second night the Spanish vessel disappeared.

May Open Road Tomorrow It is the hope of Superintendent Reid to have the electric road between this city and Sparks in operation not later than tomorrow. The first car over the new line was run Sunday morning. The line worked in a most satisfactory manner, though there are a few details that require attention before the road is ready for operation.

MAN FOUND DEAD ON TRACK NEAR SPARKS

Wound on Body Gives Rise to the Theory That Murder and Robbery Was Committed Last Evening

At a late hour last night while Constable Upson was going his rounds he came upon the remains of a man lying near the railroad track in the east end of the Sparks yards. He immediately telephoned to Coroner Uddike who, accompanied by John Gulling, visited the scene of the death and took charge of the remains. It was learned that his name was Theodore Nell and that he was a wood chopper, who was quite well known in Sparks. He had a wound resembling

a bullet hole in his side and his pockets were rifled, indicating robbery and murder.

He had considerable money several days ago and had been drinking heavily. He was last seen with a number of tough looking characters and the theory is that they led him to this lonely spot and murdered him. It was at first thought that he had been struck by a train, but aside from the wound in his side, nothing was found on his body.

LAND FRAUD CASES BEGIN

PORTLAND, Or., Nov. 21.—Not in recent years, if ever before, has there been such a concourse of people at a trial in the United States Court in this city, as that which has witnessed the

beginning of the widely known land fraud cases of the United States Government against M. L. Watson, Marie War, S. A. D. Ruter and many others. A complete jury was obtained today.

WITNESSED A SAD ACCIDENT AT SEA

By Associated Press]

VICTORIA, B. C., Nov. 21.—Captain Corbenn of the French ship Guerrier, which arrived in the Royal Roads Saturday night, reports that on last Wednesday he saw a four-masted ship founder north of the entrance to the Straits of Juan de Fuca. A hurricane was blowing at the time and the Guerrier was hove to under stay sails. The ill-fated four-master was a long distance from the cutter to render aid while the sea was so tremendous. It is thought the vessel that foundered may have been the San Francisco barkentine Makawell.

RUSSIANS DRIVEN FROM DA PASS

By Associated Press]

MUKDEN, Nov. 21.—Russian detachments occupying Da Pass have retired before a Japanese column, one thousand strong. The Japanese are reported to be advancing towards Tien Tsin.

Was it for Effect? ST. PETERSBURG, Russia, Nov. 21.—The special dispatch from Tien Tsin printed here stating that the American Consul at Chee Poo has warned the State Department at Washington of the imminence of the fall of Port Arthur, is received with criticism, the allegation being made that the dispatch was prompted by a desire to help the Japanese war loan.

DEATH CALLED WHEN SUCCESS WAS NEAR

By Associated Press]

STOCKTON, Cal., Nov. 21.—H. Mellman, president of the California Wheat Starch factory, recently erected in Stockton died today at his home in Oakland after a week's illness with pneumonia. Mellman organized the local company about one year ago to manufacture starch from wheat, claiming to possess a secret process. The new plant started up this month with the promise of making a success.

Shriners Return Home The Mystic Shriners, their wives and friends, who came from California to attend the session here last week, departed for their homes Sunday evening. The party in company with their Reno friends spent Sunday at Virginia City. The mines and all points of interest on the Comstock were visited, the visitors being treated in a royal manner.

...A Delicate Throat...

Probably you haven't had any trouble for several months, but you may have now. Cool nights and snappy mornings may bring unpleasant reminders of your delicate throat. If you grow hoarse without any apparent reason, if an ugly little hack arises, take Cann's White Pine Cough Syrup at once. It soothes and heals, it drives away that raspy soreness in the throat. Best of all it prevents those severe spasms of coughing which are so likely to produce soreness of the lungs.

STILL A LIVE PARTY

OVERWHELMING as was the Republican victory at the late election, it does not, as some are saying, presage the disintegration and disappearance of the Democratic party. There are many explanations of the result, any one of which may be correct, but none is complete that does not take into consideration the attractive personality of the president. Right or wrong, the people admire and trust him. There is a dash about him that captivates, a profession of sincerity and honesty that counts whether genuine or not, and the president owes more to himself than to his party platform or managers so far as concerns the great majority he received.

Important issues between the parties were not clearly defined, not strongly insisted upon and no one point of weakness in the Democratic programme can be found to explain the result.

It is more than ever necessary that the Democratic party should continue to exist. Its experience this year should strengthen instead of making it weaker. For two campaigns the so-called radical element was in control. It has been a matter of dispute whether it would have had a larger or smaller vote if the radical programme had not been taken up. This year the radicals stood in the background and allowed the "conservatives" to select the candidates, make the platform and lay out the programme. The result was an almost overwhelming defeat. But we are not to reason from that that there are in the Democratic party elements so discordant that they cannot unite on a programme satisfactory to the party and attractive to the country. It has been made plain that there must be no extremes in radicalism or conservatism, that as The Journal steadily urged in season and out of season, there must be concessions and compromises that will enable us to reach the desired ground. The tendency of the times is so greatly and steadily toward oppressive combinations, toward government partnership with monopolies, resulting in serious injury to the welfare of the people at large that there is needed a strong, aggressive, determined party to oppose this tendency. The Democratic party is united in such opposition, and it will, when it has recovered itself again wage political warfare for the rights of the people.

This is no time for reorganization or for talk of reorganization by either element of the party. What good loyal Democrats must do now is to quietly look over and consider the situation and what must be done to better it, and without harshness or abuse or bitterness set about doing it.

The Democratic party existed from the birth of the government, having on its list of leaders some of the most illustrious men the country has produced, having given the country, when in control of the government some of the brightest periods in its existence, standing for the rights of all, for Jefferson's demand, "equal and exact justice to all men," will continue to be a potent and protecting force to public affairs.

REVOLUTION BY BRIBERY

IN his "Enemies of the Republic" Mr. Lincoln Steffens, one of the ablest newspaper and magazine correspondents in the country, says:

"A revolution has happened. It is a revolution by bribery. A government of the people by the people for the people, has been overthrown, and in its place there has been established a government of the people, by the rascals, for the rich. The government of this country today is administered and owned by capital. Our senators in Washington are its paid attorneys, and the aldermen of our cities are its office-boys. It buys individuals with bribes, and others with offices; it buys the parties with campaign funds. It dictates all nominations, it chooses every man for whom the people may have a chance to vote. All who will not obey it, it puts out of politics. It put Bryan out, it put Hearst out, and it would have put Roosevelt out if he had not shut up talking tariff reform. It would have put him out anyway if Mark Hanna had not died, and, of course he only got in by an accident."

And if he were writing it now he would have added the names of Parker to the list of victims.

HON. THOMAS B. WATSON, of Georgia hath his reward. Even if he did not capture any electoral votes, he earned the reputation of being the most scholarly of the presidential candidates, which is certainly a great honor when we remember the attainments of the other candidates. This newly acquired reputation of Mr. Watson will make his books sell like hot cakes and will be a rattling good thing for him and his publishers. After all it is not such a bad thing to be a defeated candidate for the presidency.

A QUEER PEOPLE

THE Panamans are a queer lot, so queer in fact, that they object to being assimilated, notwithstanding that the assimilation is of the most benevolent sort. From the rumors of war from that quarter, it appears that we wasted the ten millions which we gave to that sudden republic. Nothing seems to suit them. They even want to conduct their own postal system. Of course nothing could be more preposterous than that. They ought to have sense enough to know that Uncle Sam knows more about postal matters than they ever will, and if he isn't sufficiently posted he can call Machen. What Machen doesn't know about postal matters wouldn't make a book as thick as a baby's thumb nail. The Panama situation is so serious that the president has ordered Hon. William Taft ex-governor of the Philippines, at present secretary of war to proceed to the isthmus for the purpose of pouring oil upon the troubled waters. He could not have sent a man better fitted to inspire the fiery Panamans with a whole-some respect for Uncle Sam. When they see him and his bulky proportions and realize that he is only one of us—a sample as it were, they will undoubtedly conclude that they can't wallopp 80,000,000 of such men and will behave themselves in a more seemly manner.

ORGANIZED labor "made good" in Massachusetts in the election of a Democratic governor. It shows that the workingmen will rally to the support of one who has been a workingman, but the voters of all classes are glad to set the seal of their approval on the career of a man who, although he has attained wealth and high position, has never once forgotten that he was once a workingman himself.

THE campaign developed to the view of the east one heroic figure—that of William Jennings Bryan, who stands today higher in the esteem and closer to the hearts of the people than ever before.

IF the output from South Africa, Alaska, Tonopah and Goldfield continues to increase we had better prepare for the demonetization of gold.

NO postponement of Thanksgiving on account of the avalanche.

PREPARING FOR ATHLETIC MEET

Students of University Will Give
Tournament in Gymnasium
Tomorrow Evening

The students of the University of Nevada intend to give another of their pleasant athletic entertainments next Wednesday evening in the University gymnasium. The affair will be the largest yet held and the students are arranging, not only for fencing, wrestling and boxing contests, but will also have a basketball game between two teams chosen from the young men of the college. The game will be played according to men's rules and will be different from any game ever played in this city before.

Frank Trisell, the well known football and track man of the college, is in charge of the affair and is doing everything possible to make it a success. He will have Sgt. Levy and several other swiftdsmen of the city take part in the contests and will make an effort to have the University band in attendance.

In speaking of the matter yesterday afternoon Mr. Trisell said:

"The affair will be different from any contest ever held in the college and all attending will be pleased. The basketball game in particular will be very interesting. Heretofore the young men have played according to the rules of the college, but the game Wednesday night will be different. We will play according to men's rules and the game will be much faster and more scientific. There will not be so many fouls counted as there is according to the other rules and we will not lose as much time as the girls usually do during a game."

The wrestling matches will be very interesting and will be between the students of the college, several of them especially Abe Sieckie, being quite skilful in this feat. The fencing contests will also be entertaining. Trisell is an old hand at the work and will fence with Mr. Levy, who has always taken an interest in the sport and handles a foil like a master. The boxing contests will be interesting and several of the college men will spar. James Hart, Trisell, Will Pope and several other men will appear in the roped arena.

Complete arrangements have not been made as yet, but Mr. Trisell says that he thinks the tournament will take place and that it will be the most interesting affair ever held in the gymnasium.

DIVORCE GRANTED TO T. L. ODDIE

Special to The Journal

TONOPAH, Nev., Nov. 21.—Through the divorce of his wife, who failed to appear and contest the divorce proceedings brought against her in the District Court at Belmont, T. L. Oddie, the mining man, was granted an absolute decree of divorce from Mrs. Oddie Saturday.

The divorce was filed several weeks ago and at first promised to be bitterly contested. It is now reported that the parties reached an agreement, Mrs. Oddie receiving in the neighborhood of \$3,000 in consideration of not contesting the suit.

Texas Librarians

By Associated Press] HOUSTON, Texas, Nov. 21.—The Texas State Library Association held its third annual meeting today at the Carnegie library in this city.

President William L. Prather of the University of Texas presided and delegates were on hand from Dallas, Fort Worth, San Antonio, El Paso, Austin, Galveston and several other cities of Texas.

One of the important matters that received the attention of the convention was the proposed law creating a state library commission, which the association will endeavor to have enacted at the next session of the Legislature.

To Dedicate New Church.

By Associated Press] MCKINNEY, TEXAS, November 21.—The dedication tomorrow of the First Methodist Church promises to be an interesting event for the Methodists of McKinney and vicinity. An all-day program, replete with interesting features, has been arranged for the occasion. The dedicatory sermon will be preached by Dr. G. C. Rankin, D.D., of Dallas, editor of the Texas Christian Advocate.

Religious Education Society INDIANOLA, Ind., Nov. 21.—A large number of prominent educators, divines and other persons actively interested in church work are gathered here for the fourth annual conference of the Iowa Fellowship of the American Society of Religious Education. The meeting place is the Methodist church and the sessions will continue until Monday.

REMEMBERS A TRUE FRIEND

Diamondfield Jack Davis Makes
Handsome Gift to Lawyer
Who Aided Him

SALT LAKE, Utah, Nov. 21.—Judge O. W. Powers of this city has received from "Diamondfield Jack" Davis a gift of mining stock valued at \$10,000.

In 1896 Davis, then a noted gun-fighting cowboy in the employ of Governor Sparks of Nevada, had several shooting scrapes with sheepherders over the possession of a range in Southern Idaho. When two sheepherders were found murdered, suspicion pointed to Davis, and he was arrested. The sheepmen employed Powers to prosecute. When Davis was convicted and sentenced to be hanged, Powers drew the death warrant.

Later, another confessed to the killing, and Powers, at his own expense, went to Idaho and pleaded for pardon for Davis, which was granted. Powers then gave Davis \$30 to take him to Nevada.

Davis began prospecting near Tonopah and now controls some of the best claims in the rich camps of Goldfield and Diamondfield. He has become a model citizen, and is frequently called upon to quell the lawless element. It is believed he will be one of the wealthiest men in the West within a few years.

His gift to Powers was unexpected, and came the day after Powers was defeated for Congress. The amount is equal to a Congressman's salary for two terms.

Charities and Correction.

TERRE HAUTE, Ind., Nov. 21.—The thirteenth annual meeting now being held by the Indiana State Conference of Charities and Correction promises to be the most notable in the history of the organization and also the most prolific of good results. A four days' programme has been arranged, and it provides for papers and discussions dealing with the local and county charities, the care of the insane, epileptics and feeble minded, dependent and delinquent children, and the conduct of state charitable and correctional institutions. Professor Chas. R. Henderson of the University of Chicago, Secretary Alexander Johnson of the National Conference of Charities and Corrections and Ernest P. Bicknell, General Superintendent of the Chicago Bureau of Charities, are among those who will address the meeting.

WILL SEND BOY FIEND TO INSANE ASYLUM

By Associated Press]

SALT LAKE, Utah, Nov. 21.—The initial step in securing the commitment of Roy Scott, who attempted to cut the throat of Elsie Gallaher Saturday and who later confessed to similar attempts on other girls, was taken today, when a complaint was sworn out charging Scott with insanity. He will probably be committed to the State insane asylum.

To Honor Memory of Hoar.
Special to The Journal]

BOSTON, Mass., November 21.—The Irish organizations of Boston and vicinity will pay a tribute to the memory of the late Senator Hoar, at a meeting in Faneuil Hall tomorrow evening. The memorial will be held under the auspices of the Ancient Order of Hibernians, assisted by the Irish National Foresters, the Young Men's Catholic Association and the Catholic Order of Foresters. Governor Bates, Mayor Collins, and others prominent in public life will take part in the meeting. Hon. John F. Fitzgerald will deliver the memorial oration.

W. C. T. U. to Convene

By Associated Press] PHILADELPHIA, Pa., Nov. 21.—Arrangements are rapidly nearing completion for the reception and entertainment of the hundreds of women who will be in Philadelphia week after next to attend the annual national convention of the Woman's Christian Temperance Union. Present indications point to an unusually large and notable gathering of temperance leaders from every section of the United States and Canada.

Acquitted by Coroner's Jury. Marien Pietro, arrested in Reno several days ago for the murder of Chas. Gilardoni at Loyalton, has been acquitted by a Coroner's jury at Loyalton. The two men were fighting a duel, when Pietro fired the fatal shot. Since his acquittal he has come to Reno and intends to make this city his home.

NOTICE.

MUCH TROUBLE OVER A RANCH

Grace Clow Begins Suit in Dis-
trict Court Against N. H.
West

Suit was commenced in the District Court yesterday by Grace Clow against N. H. West, administrator of the estate of E. G. Clow, deceased. The case is being tried before a jury and is brought to decide the ownership of a ranch west of the city. The ranch was formerly owned by E. G. Clow and Grace Clow claims that it is hers according to law. There are several other heirs to the property of the deceased and all claim this particular ranch.

Attorney Summerfield is counsel for the plaintiff and Cheney, Massey & Smith, Dodge & Parker and Currier & King are attorneys for the defendants.

Most of yesterday's session was taken up in securing a jury. The case will occupy several days as there are a large number of witnesses to be examined and the matter is being stubbornly fought by the attorneys for both sides.

CURED CONSUMPTION.

Mrs. E. W. Evans, Clearwater, Kan., writes: "My husband lay sick for three months. The doctors said he had quick consumption. We procured a bottle of Ballard's Horehound Syrup, and it cured him. That was six years ago. Since then we have always kept a bottle in the house. We cannot do without it. For coughs and colds it has no equal." 25c, 50c, \$1.00.

MADE MILE IN FIFTY-EIGHT

Large Crowd Grets Barney Oldfield in Automobile Exhibition at Race Track

Barney Oldfield, the daredevil automobilist, again demonstrated his right to that title Sunday afternoon. It was before a crowd of about 1200 interested spectators at the race track. Everyone went to see the automobiles race as a secondary consideration. What they wanted most was to witness Barney and his "Green Dragon" glide around the race course. They went away satisfied, for notwithstanding the sharp turns and one or two extremely uneven places on the track, the daredevil rider rode five miles in four minutes and forty-seven seconds, making every mile in one minute or less.

Oldfield has a formidable rival in Charles Burman, who furnished the opening event, riding a low twenty-four horse-power Peerless against time for two miles. The first mile he made in 1:16. The two miles were covered in 2:32 1-5.

A three mile race between Mr. Oldfield's Peerless towing car and the Pope-Toledo, owned by R. L. Douglass was the next number. Charles Burman drove the Peerless, while Mr. Oldfield handled the Pope-Toledo for Mr. Douglass. It was a pretty race and in an exciting finish Burman won by about two lengths. The time for the three miles was 4:49. In this race the sparker on the Douglass machine failed to work properly in the first mile. If it were not for this the result might have been different. Later Mr. Douglass offered to bet Oldfield \$1,000 that he could beat his machine. Oldfield failed to take the bet, some say because he was afraid of risking defeat before a large crowd.

The match events between Burman and Oldfield were quite exciting. Oldfield gave his antagonist a thirty second handicap in two three mile heats. In each Oldfield won out. The time in the first heat was 3:35 for Oldfield. In the second heat he covered the distance in 3:22.

The race against time was extremely interesting. The machine driven by Oldfield, seemed possessed of an impulse to leap through the air. One mile after another he tore around the track at terrific speed, as the time shows. Each time as he came by in the stretch the crowd stood and cheered him. The time by miles was as follows: First mile, 1:00; second, 59 1-5; third, 58 1-2; fourth, 1:00; fifth, 59 1-2. Sunday evening Oldfield and his party left for California. They will visit San Francisco for a few days returning to Sacramento in time for an exhibition Thursday afternoon.

Appealed Case Filed

The transcript in the case of the State of Nevada vs. Guy Timlin, Theo Rutledge and James Burns, was filed in the County Clerk's office yesterday by Justice O'Connor, who is now acting for Judge Nash in the Reno Justice Court. The case has been appealed from the Justice Court by Guy Timlin through his attorney, R. H. Stoddard.

Home From a Mining Trip

J. E. Monroe of this city returned yesterday from an extended trip in the mining district in Southern Nevada. He made a visit to the Silver Peak mine and reports that a great amount of work is being done there. He says that the mine has enough ore in sight to last for thirty years. It is a 200-stamp mill is run continuously.

THIEVES ROB MINING MAN

Emile R. Abadie of Goldfield Has His Property Stolen Out of S. P. Depot

Sneak thieves are again at work in the city of Reno and as usual are making the Southern Pacific depot their headquarters. They succeeded in making quite a successful haul and if they are as fortunate every day in the week it will not be long before they will have a fair sized bank account.

Emile R. Abadie of Goldfield and Company, mining engineers of Goldfield, was the victim and had two suitcases containing articles of value and clothes and an overcoat stolen from him. He reported the matter to the police immediately after the theft was committed but as yet the thieves have not been captured.

Mr. Abadie went into the ladies' waiting room of the Southern Pacific depot yesterday and left his belongings there. He then went to the ticket window in the gentlemen's waiting room and purchased a ticket, but while there his clothes disappeared. He searched all over the building for them and afterwards went to the police station and reported the matter. Officers were immediately detailed to look for the stolen articles but up to a late hour last night had not succeeded in finding either them or the thieves. They have a good description of the stolen property, however, and will, without doubt, recover it.

On several occasions articles have been stolen from the waiting rooms at the depot and on a few occasions the thieves have been bold enough to enter the baggage room and carry away plunder. The police are doing everything in their power to catch the robbers but as yet have been unsuccessful. They will continue in the search, however, and should the men be apprehended they will be severely punished.

No Poison in Chamberlain's Cough Remedy

From Napier, New Zealand, Herald: Two years ago the Pharmacy Board of New South Wales, Australia, had an analysis made of all the cough medicines that were sold in that market. Out of the entire list they found only one that they declared was entirely free from all poisons. This exception was Chamberlain's Cough Remedy, made by the Chamberlain Medicine Company, Des Moines, Iowa, U. S. A. The absence of all narcotics makes this remedy the safest and best that can be had, and it is with a feeling of security that any mother can give it to her little ones. Chamberlain's Cough Remedy is especially recommended by its makers for coughs, colds, croup and whooping cough. This remedy is for sale by all druggists.

BLACK REFUSES TO LEAVE RENO

Negro Hamphill Declines to Obey Edict and Is Placed in the Tanks at City Jail

Chief of Police Leeper and his men are still prosecuting their work of driving the negroes from the city of Reno and only a few vagrant blacks are left within the limits of the metropolis. A few have been able to avoid the officers, however, and others have refused to go. Last evening Officer Cadie arrested a negro named J. Hamphill on Commercial Row and told him to take his choice, either go to jail or leave the city. The negro refused to do either and Cadie took him to the depot and put him on board a train. Another negro was standing near, however, and told Hamphill to get off the train and stay in Reno if he wanted to.

Hamphill jumped off and strutted down the street as bold as a lion, but he had not gone far before Officer Cadie again arrested him. This time he was taken without ceremony to the city jail and placed in one of the cells. He had a purse and sixty cents in cash on his person. He claimed that he was a free born American citizen and that he had a right to live in Reno if he wanted to.

The police claim that they have a right to drive him from the city or arrest him for vagrancy and he will appear before Judge Richardson this morning. Of course it is hard to forestall the decision of Judge Richardson, but the officers of the night force say that Hamphill will have to serve about ten days working in the city chain gang.

Chief Leeper has decided to drive every vagrant negro from the city and those who do not obey the commands of his officers are immediately arrested and placed in the cells. This may be a little different from the regular proceedings of the law, but it is working good in Reno and the town will soon be cleared of the black element.

REBEKAHS ENTERTAIN AT PLEASANT PARTY

The Rebekahs of this city gave a pleasant little party in the Eagle hall last evening. The affair was well attended and all present had a very enjoyable time. The first part of the program was taken up with a literary and musical program.

After the close of the program the time was taken up with dancing and it was a late hour before the Home Sweet Home waltz was played. Mrs. Sauer's orchestra furnished the music for the occasion.

MOVING PICTURES AT THE OPERA HOUSE

The International Bioscope Company entertained a large crowd at McKisick's opera house last night. The pictures were all good and all who attended were satisfied with the show. The pictures of the Nevada Olympic football game and the Reno fire department in action were the most interesting scenes and the large audience showed their appreciation by much applause.

The pictures will be shown again and it is expected that a larger crowd than the one last night will attend. The pictures do not have that disagreeable flicker to them that is so noticeable in other moving pictures and for this reason can be watched with more pleasure.

John Willie vs. Marvin Hart. By Associated Press.

Chicago, Ill., November 21.—One of the best pugilistic shows pulled off here in a long time is carded for the arena of the Blue Island Athletic Club tonight. A ten round bout between Marvin Hart of Louisville and John Willie, who more than held his own in a recent bout with Jack O'Brien, is scheduled for the wind up. It will be the second time that Hart and Willie have met in the squared circle. Their first encounter, which took place here about a year ago, resulted in a draw.

RUN DOWN BY AN AUTOMOBILE

Professor Lewers Struck Down by Car Driven by Douglas and Severely Injured

Sunday was a day of automobile accidents in Reno. That no one was killed was the work of Providence more than anything else. As it is, three persons were injured, a rig wrecked and a bicycle smashed beyond all semblance of its former self.

The injured are Professor Robert Lewers, Miss Pearl Steele and Granville Johnson. Mr. Lewers is the worst injured of the trio. While riding along Second street toward Center Sunday afternoon he made an effort to avoid an oncoming automobile driven by R. L. Douglass, the Fallon millionaire. Mr. Douglass also endeavored to avoid a collision with the result that his machine struck Mr. Lewers, throwing him several feet and rendering him almost unconscious. The accident was witnessed by several persons who, together with Mr. Douglass, went to the aid of the fallen man. He was assisted to the office of Dr. Frank and restoratives applied. Later the injured man was taken to his apartments at the home of Professor N. B. Wilson, on Eighth street. Examination showed that his injuries consisted of a bad laceration on his left leg, together with numerous bruises about the head and body.

Dr. Frank stated last evening that the patient thus far has shown no symptoms of internal injuries and that the patient will recover sufficiently to resume his duties at the University within at least three weeks. Last evening the patient was resting as well as could be expected, though complaining some of pain about the body.

The second accident followed close on the heels of the first. Mr. Douglass, five minutes after seeing that Mr. Lewers was being attended to, started for the race track. He had not proceeded far when he struck a rig being driven by Granville Johnson and Miss Steele. At the approach of the engine Mr. Johnson's horse took fright and in its efforts to escape, collided with the automobile. The rig was wrecked and both occupants thrown to the ground. Miss Johnson was badly shaken up and barely missed being run over. However, she is suffering more from nervous shock than physical injuries. Mr. Johnson was bruised to some extent about the body. Yesterday he was able to be about the street as usual.

Mr. Douglass did everything possible for the victims of the accidents. He admits that the accidents were his own fault but claims he did everything possible to avoid them and deeply regrets their occurrence.

FIRST ENGINE WAS REPAIRED

Engine 1767 Was Being Overhauled Yesterday and Greater Prosperity Will Result

Engine 1767 possesses the honor of being the first engine to be repaired in the Southern Pacific Company's shops at this place. Yesterday a force of men was engaged in putting the engine in shape for further use.

The work of repairing engines will be continued from now on. The shops have been fitted up to meet new conditions, and it will not be an unusual sight to watch a large number of men at work on several immense engines. The number of engines that the shops can accommodate will be increased from time to time.

Several machinists arrived from Wadsworth yesterday and will be employed in the shops here. They will repair the engines which are brought to the shops and their efforts will be entirely confined to this line of work.

The blacksmith shops are also affected by the increase in business. In order to handle all their work a blacksmith arrived from Wadsworth Sunday to take a position here and several more will be employed in the future when the business demands it.

As a result of this there will be a general increase of business in all the departments.

Dance Postponed

The first annual ball to be given by the Brotherhood of Locomotive Engineers in Sparks has been postponed from November 24th to December 23d. Robison's hall would not be completed in time for the first date so a postponement was necessary. All tickets for November 24th will be honored on the evening of the ball.

PAY CHECKS DISTRIBUTED

Rush of Business in Superintendent's Office Caused By Arrival of Pay Checks

The pay checks for the operating department of the Southern Pacific company arrived yesterday and were distributed among the employees. On account of this there was a rush of business in the assistant superintendent's office. The employees kept up a steady run in the office throughout the day and everyone was made happy by receiving his monthly wages.

The employees of the reconstruction department have not yet received their wages but it is expected that the checks will arrive Wednesday to pay off the indebtedness in that line.

The pay car which was used by the company last month for this purpose has been cast aside for the present. The system now in vogue will be continued for the next six months. The old time pay car will then make a semi annual trip and will delight the hearts of the employees as it once did.

WILL INSPECT THE GROUNDS

Five Prominent Railroad Officials Will Examine the Company's Properties Today

E. Buckingham, general superintendent of the Southern Pacific company, W. R. Scott, superintendent of the Salt Lake division, G. H. Olmstead, superintendent of the Montana division, E. C. Matson, superintendent of the Idaho division, and H. M. Platt, superintendent of the Utah division, arrived in Sparks at 5 o'clock yesterday evening on a special train chartered for their use.

The purpose of their visit is to make a thorough examination of the company's property here. Each building will be inspected and when their labors are finished, a complete report will be handed in.

On this annual visit the board of inspectors will notice the many improvements that have been made since their last examination. The shops and round house were then only partly completed, and many other buildings which now occupy prominent positions on the grounds had not been started. Other innovations great in extent will greet the members on their tour.

In anticipation of their intended visit everyone has been engaged in cleaning up the buildings and putting them in shape for the annual inspection. Work in this line has been going on for several days. The inspection of the various buildings will probably begin today and will continue until all the buildings have received a thorough examination.

The extent of the visit of the officials could not be learned but they will remain until they have finished their labors which will not be for a few days at least.

Sparks has never had the honor before of entertaining so many prominent railroad officials at one time. All the members of the party hold honored positions in the company's service and the extent of territory over which their jurisdiction holds sway is great indeed.

ROADMASTER SUDDENLY STRICKEN BY DISEASE

J. H. Griffin, roadmaster of the Salt Lake division of the Southern Pacific railroad, was suddenly seized by an attack of cerebral hemorrhage at Carlin, Sunday evening. He had been there only a short time looking after the company's interests.

As soon as the extent of his illness was learned, the news was telegraphed to his home at Sparks. He was placed on the train immediately and arrived here early yesterday morning. He received all the comforts which the company could offer during the trip. An examination disclosed the fact that he was in a serious condition. He is now under the care of a physician.

THANKSGIVING!

HOW TO CARVE THE TURKEY

Insert the carving fork at the small end of the breastbone, plunging it down so as to gain good command. First cut off the leg with the second joint; then the wing on the side farthest from you. Tip the Turkey from you and take off the leg and wing from the side toward you. Next carve thin slices from each side of the breast; then remove the wishbone from the carcass. Cut through the ribs, first one side then on the other. With a quick turn of the knife divide the front or breast from the back of the carcass. Now remove the fork, which has not been drawn from first to last. Divide the second joint from the drumsticks and make two pieces of each. Then divide the back, lower and upper half, at the second rib joint. The Turkey is now ready for serving.

TAKEN TO THE FOUND DEAD 'DEATH HOUSE' NEAR DITHO

Three Murderers Condemned to
Die Transferred from Reno
to State Prison

Sevener, Gorman and Roberts, the three murderers under sentence of death are now safely lodged in the stone and steel cells of the Carson prison where they will remain until the day of their execution. The three condemned men, in charge of Deputy Sheriff's Sharkey and Maxwell were taken to the "death house" as they term it, Sunday morning.

Though every effort was made to guard against trouble from the three condemned men, the officers made the trip without incident.

Sevener and Gorman were manacled together, while Roberts was handcuffed. The prisoners were not in the least unruly, and despite the fact that they were undoubtedly traveling to their death, they were in the best of spirits. Apparently there is only one person against whom they bear any ill-will. It is Williams, their companion in crime, who, in his confession implicates his three associates in the murder of Jack Welsh. The prisoners claim that if it were not for Williams' confession they would have fared better in their trial.

The prison authorities have made every preparation to guard the men. The date of the execution has been set for February 10th. The death watch has been placed over the men and from now until the fatal hour will be kept over them night and day.

The attorneys for the condemned men have sixty days within which to file their bill of exceptions to the last trial. It is understood they will make a motion for another trial. In this event it is likely the date of the hanging will be extended for several weeks.

Julius Takes a Side Degree

Julius Schwarzschild is the only member of the order of Aaron's Staff. This is one of the few side orders of the Mystic Shriners and its members, though few, are scattered in all parts of the civilized world. The degree was conferred upon Mr. Schwarzschild Sunday at Mound House while the jolly Shriners and their friends were en route to Virginia City. Mr. Schwarzschild feels proud of the honor.

Going Home for Thanksgiving

Miss Ethel Marzen of the University of Nevada will leave Wednesday evening for her home in Truckee, where she will spend her Thanksgiving holiday. She will be accompanied by Miss Sadie Weeks, who will spend her vacation with her. Several more of the students intend to leave for their homes and for several days during the week the college grounds will be nearly deserted.

New Officers in Charge

Affairs at the Justice Court for the next few days will be in charge of Judge O'Connor of Verdi. He will act during the absence of Judge Nash, who has started on his vacation. The Constable's office, during Mr. Wilson's vacation, is in charge of Daniel Regan, formerly of Wadsworth. Both Mr. Regan and Mr. O'Connor are old residents of Washoe county and well qualified to perform the duties of their offices.

Off On a Vacation

Justice of the Peace Nash, Constable Wilson and Sheriff-elect Ferrell left yesterday morning for San Francisco. They are accompanied by their wives and expect to be absent about three weeks. The greater portion of the time will be spent in taking in the sights at the Bay city, though other points of interest in California will also be visited.

Will be Buried Tuesday

The funeral of the late Mrs. J. M. Desmond, who died in this city Saturday night, will take place from Reinhardt & Company's parlors Tuesday afternoon at 2 o'clock. Interment will be in Hillside cemetery. Peritonitis was the cause of Mrs. Desmond's death and she was only sick a few days.

D. O. K. K. Attention!

Best Liniment on Earth

Henry D. Baldwin, Superintendent City Water Works, Shullsburg, Wis., writes: "I have tried many kinds of liniment but I have never received much benefit until I tried Ballard's Snow Liniment for rheumatism and pains. I think it is the best liniment on earth." 25c, 50c, \$1.00.

Remains of D. Heagan, a Laborer
on Government Canal, Dis-
covered Yesterday

Coroner Updike was called to Ditho, a station about fourteen miles east of this city yesterday morning by a telegram stating that the body of a man had been found lying by the side of the railroad track near that place. He and J. Gulling, of the firm of Perkins & Oliver immediately went to the scene of the discovery and got the remains, bringing them to this city. They found that the name of the deceased was D. Heagan and that he was a laborer on the government canal. He apparently died from natural causes.

Coroner Updike will hold an inquest over the remains at 2 o'clock today. The body will be buried in this city. It was first reported that the man had been killed by a train, but there were no marks on his body.

The Ladies Invited

What is more beautiful than a grand display of fine china, glassware and bric-a-brac. Such a display is dear to the heart of every woman who presides over a home. All the newest creations collected from the markets of the world can now be seen at the store of the Great American Importing Tea Company, where visitors will be shown the most courteous and considerate treatment.

CONSTIPATION

Health is absolutely impossible if constipation be present. Many serious cases of liver and kidney complaint have sprung from neglected constipation. Such a deplorable condition is unnecessary. There is a cure for it. Herbine will speedily remedy matters. C. A. Lindsay, P. M., Bronson, Fla., writes February 12, 1902: "Having tried Herbine I find it a fine medicine for constipation." 50 cents a bottle.
